Quality

Superior Joining Technologies provides a service of precision welding, non-destructive examination and laser part marking. Our goals are to have 100% on-time delivery, and consistently meet customer needs in an efficient manner with zero complaints.

Superior Joining Technologies maintains certification to the following standards:

Non-Destructive Testing

ASNT SNT-TC-1A
NAS 410 / MIL-STD-410
(Personnel Certification)

ASTM-E 1444
(Magnetic Particle Inspection)

ASTM E 1417
(Liquid Penetrant Testing)

Welding/Brazing/Stress Relieving

AWS D1.2
AMS-STD-1595
AWS D1.1
AWS D17.1
ASME Sec IX

MIL-STD-2219

Superior Joining Technologies is ISO9001:2008 and AS9100B Certified.

Recipients of these certifications have clearly demonstrated their commitment to quality and customer satisfaction:

- ISO9001 is a quality management system for any organization that is willing to demonstrate its ability to consistently provide product that meets customer and applicable regulatory requirements and aims to enhance customer satisfaction.
- AS9100 certification is the result of an international effort by aerospace companies with a common goal of establishing a quality management system for use within the aerospace industry and serves as a supplement to ISO 9001 certification.

SJTI also maintains certification or accreditation for the following:

- FAA Drug & Alcohol Free Workplace Certified
- FAA Repair Station OP Spec (3SJR972Y) Certified for Welding, Fluorescent Penetrant and Magnetic Particle Inspection
- NADCAP Accredited for Fluorescent Penetrant and Magnetic Particle Inspection.
